## 1.0 PURPOSE

The purpose of this DART Service Instruction (DSI) is to provide customers with a shorter version of the D5245-7 Mounting Bolt used to install the DART D139-799-211/-212/-213 Quick Release Maintenance Step to prevent interference with the aircraft structure.

## 2.0 CHANGE

If the D5245-7 Mounting Bolt used to install the DART D139-799-211/-212/-213 Quick Release Maintenance Step interferes with the aircraft structure before bottoming out on the D5238-043 Lower Bracket, it is acceptable to replace the D5245-7 Mounting Bolt with the shorter D5245-9 Mounting Bolt. The DSI 9888-011 Alternative Mounting Bolt Kit is available from DART and includes a D5245-9 Mounting Bolt.

## 3.0 WEIGHT AND BALANCE

This DSI has a negligible effect on Weight & Balance.
